Welcome to the Bay Networks Extranet Switch
Ongoing Management
MANAGE SWITCH
MANAGE SWITCH - The management interface used for the day-to-day management and monitoring of the Extranet Switch.
MANAGE from NOTEBOOK
MANAGE from NOTEBOOK - Reduced graphics version of the management interface. Excellent for small monitors and notebook PCs.
Getting Started
QUICK START
QUICK START - A great way to get your new Extranet Switch up and running in just minutes. By completing just a single set-up screen, you can configure the Extranet Switch to support PPTP tunnels.
GUIDED CONFIG
GUIDED CONFIG - Guides you through the entire management interface, providing hints on how to configure the extensive list of features.

FIG. 39
